FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes
- 2. 28 Texas Administrative Code §134.1, effective May 16, 2002, 27 *Texas Register* 4047, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that

- specific fee guidelines are established by the commission."
- 3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
- 4. This request for medical fee dispute resolution was received by the Division on June 21, 2004. Pursuant to 28 Texas Administrative Code §133.307(g)(3), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on June 28, 2004 to send additional documentation relevant to the fee dispute as set forth in the rule.
- 5. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital Grand Prairie, Inc. d/b/a/ Renaissance Hospital Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the claim adjudication process as to the workers' compensation receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 Trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Burton & Hyde, PLLC, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.
- 6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - O PREVIOUSLY RECOMMENDED AMOUNT HAS NOT BEEN CHANGED
 - G INCLUDED IN THE ASC GROUP RATE
 - S PREVIOUSLY RECOMMENDED AMOUNT HAS BEEN AMENDED AS INDICATED.
 - F TECHNICAL COMPONENT EXCEEDS THE MAXIMUM ALLOWABLE FOR THE TEXAS WORKER' COMPENSATION MEDICAL FEE GUIDELINE.
 - M MEDICARE ASC GROUP RATE
 - M CHARGES REDUCED ACCORDING TO FAIR & REASONABLE.
 - F The Technical Component exceeds the maximum allowable fee for the Texas Workers' Compensation Medical Fee Guideline.
 - M Reimbursement based on Medicare's current ASC Group Payment Rate and policies.
 - M Reimbursement based on 100% of the current Medicare ASC Group Payment rate for the primary surgical procedure. All subsequent surgical procedures reimbursed at 50% of the current Medicare ASC Group rate.

Findings

- 1. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's position statement asserts that "Enclosed are copies of EOBs from other insurance carriers, which show a higher rate of reimbursement, consistent to our usual and customary. We are requesting that Texas Mutual Insurance pay our claims at usual and customary."
 - The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former Acute Care Inpatient Hospital Fee Guideline, 22 Texas Register 6276. It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 Texas Register 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers' reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers'

methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.

- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amounts sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rule at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is not entitled to additional reimbursement for the services involved in this dispute.
